

More Ways to Save Money on **PRESCRIPTIONS**

Prescription costs are among the fastest growing expenses in health care, but there are ways to slow the flow of cash out of your pocket!

1

Generics

Did you know the cost of a generic drug, on average is 80-85 percent lower than the equivalent brand drug? Be assured that generic medicines must have the same active ingredient, strength and dosage form as the brand name drug. So if you want to save money on medicine and help control health insurance premiums from rising so fast, always ask if there's a generic equivalent.

2

Mail Order

Why spend time and money driving to the pharmacy when you can have your medicine delivered free to your door? * Refill prescriptions by phone or online for 90 days on select medications. Visit deancare.com/pharmacy and then click on **Cost Savings** to learn more.

3

Tablet Splitting

You split the tablet – we'll split the copay. You pay up to one-half of your usual copay on select medications. Tablet splitting can provide significant savings for you, depending on your prescription and dose. **

4

Compare Prices

In some ways, buying medicine is like buying anything else. You can often find the same quality product for a much better price if you check around. That's what our **Cost Compare** tool is all about. It makes it easy to check around! Just log into your DeanConnect account on deancare.com. **Cost Compare** lets you search drugs at nearby network pharmacies, gives you accurate price estimates based on your benefit plan and offers 24/7- access on any device—smartphone, tablet or computer.

5

Preventive Drug List

More common medications available without a copay to reduce barriers and help you better manage your health. The preventive medications found on the preventive drug list protect against or manage some high-risk medical conditions. Taking these medications regularly as prescribed can help avoid serious health problems or complications, reducing the number of doctor visits and hospitalizations. Visit deancare.com/pharmacy to see an up-to-date list at anytime. ***

* Available only within the continental US, though mail-order delivery service is not available to all members. Refer to your Summary of Benefits and Coverage (SBC) document or contact the Customer Care Center.

** Does not apply to HDHP members, as they do not have a copay in the deductible phase. For more information, talk to your primary care physician or contact the Customer Care Center.

*** Available for large group commercial members, pre-ACA small group members and pre-ACA individual members only.

If you have questions, please contact our
Customer Care Center at **800-279-1301 (TTY: 711)**
