Risk Manager

**If you are injured on the job,
first report the accident to your supervisor,
then call the Workers' Comp Care Line at:**

888-515-1563

(if it's an emergency, call 911)

The nurses who answer this number are available 24/7, and they will:

- Provide general guidance after an injury;
- Help you find the appropriate level of medical care;
- Help you find a medical facility near the jobsite or your home; and
- Start all Workers' Compensation claim paperwork.

This is a paperless intake system. After the nurse ends your call, the nurse will forward information to Risk Management & WMMIC, and we will be available for regular, on-going communication with injured employees. WMMIC can be contacted at (608) 268-3002.
